### Whale Watching at Gansbaai Experience Gift Vouchers are Available.

And though we have demystified much about these giants of the sea, they still fascinate many of us and draw crowds wherever they go. Perhaps it is their immense size, their effortless grace, their curiosity towards us or maybe we flock to see them plainly because they share this wonderful planet with us.

We invite you to take an unforgettable adventure with us into the realm of the Southern Right Whale. Climb aboard our custom built boat as we take a trip into well-known waters, guided by experienced crew and an accomplished skipper as well as trained guides. During the months of June to mid December whale sightings are guaranteed as this is peak whale season. Revel in the excitement as you spot these majestic yet very curious creatures on our two and a half hour charter trips, departing from Gansbaai. The best part of the boat trip happens when a curious whale becomes adventurous enough to come right up to the boat to investigate.
