## INTRO

Canopy adventures are a way to experience nature in a totally different way. Instead of slogging through the forest, you do it above the ground and cross from one platform to another along a steel cable that is about 30 meters above the forest floor.

The Howick, Kwazulu Natal canopy adventure tour consists of 7 different platforms and eight slides that follow a zig-zag path down a spotless forest valley. This is a form of eco-tourism that is appealing to more and more people today. As you make your way from platform to platform amidst the birdlife and lush forest flora your professional guides provides input about the ecology and answers questions.

## INTINERARY

---

### Overview of a canopy adventure tour

First on the agenda is a detailed briefing on safety procedures and after that it is time to get kitted up. This is where you get the full body harness, climbing equipment and pulleys and we check to make sure it is in perfect working order.

A short drive to the top of the Kar-Kloof Valley takes us to the entry point of this great adventure. A whole new world unfolds when you glide along a steel cable from platform to platform. Your guide is with you every step of the way to make sure everything goes right.

You get to experience the forest from a height few humans ever do and the whole world look different from the platforms. There is never any rush to dash from platform to platform. You take your time, rest on the platform and enjoy the whole experience before you go on to the next one.

Throughout the whole experience your guide will point out interesting things, explain and answer questions and share his vast knowledge with you as you experience birdlife like never before.

You will see the Samago monkeys and hear their loud calls, have close up views of forest animals and birds, as you make your way from one end of the platform system to the other. The tour usually takes about three hours as you cross over the seven platforms and eight slides and at the end we serve your group a tasty Midlands meal as part of the whole package.
