

CANOPY TOUR TSITSIKAMMA

ADRENALINE LEVEL 3 🔥🔥🔥

Experiencing nature by gliding from one treetop platform to another is a unique experience. We are so used to any wildlife and nature experience being either by vehicle or on foot; we don't realize there might be another way.

INTRO

Experiencing nature by gliding from one treetop platform to another is a unique experience. We are so used to any wildlife and nature experience being either by vehicle or on foot; we don't realize there might be another way.

So come and join us on a totally different adventure and instead experience nature at about 30 meters above the ground where you will look at fauna and flora with new eyes.

So what is it all about? You go on an eco-tour across a series of platforms that are connected with steel cabling whilst you are strapped into a safety harness and accompanied by two experienced guides.

You are able to identify different bird life (including the Knysna Loerie and elusive Narina Trogan) and watch the animals in their natural habitat as they go about their day in the Tsitsikamma Forest.

MORE

Where is it?

Storms River, Garden Route, Western Cape

When is the best time to do it?

- 01 Sept to 31 May: 07h00 to 16h00 - every 30 minutes
- 01 June to 31 August: 08h00 to 14h45 - every 30 minutes

What do we need to bring?

- Comfortable outdoor clothing
- Sturdy hiking boots or walking shoes
- camera

Limitations for the Canopy Tour

- Maximum of 8 persons per group
- Max Weight 120 kg
- No pregnant women
- Ages between 7 to 80 years are welcome
- Booking is essential

What is provided?

- Light refreshments are provided during the Canopy Tour
- Certificate of your experience!
- DVD of your personal adventure is available as an optional on request.

We do open-date gift vouchers that you can hand to the recipients as gifts on a special day. This allows the recipient the flexibility to make the final booking on a date that suits his/her personal schedule. This also turns the gift into a “double whammy” gift as the recipient receives the voucher on the special day and then has the anticipation of going on the adventure on a suitable date.

Our open date vouchers are valid for a period of 6 months from date of issue; this is a precaution to guard against price increases only, the value of the voucher is never lost. Should the participant not use the voucher within that time period, the value is still there, and if there has been no price increases, the recipient uses the voucher as is. If after the six months grace period there has been a price increase, the recipient will be liable to pay in the price difference only.

INTINERARY

Overview of the Canopy Tour

The system has been designed and built in accordance with strict safety standards and state of the art equipment is used.

First on the agenda is an in-depth safety briefing and after that everyone will be kitted up with climbing equipment, pulleys and body harness. From there we take a short drive to the Tsitsikamma Forest and your treetop canopy adventure will begin.

From the time you set foot on the launch platform a whole new world unfolds as you are escorted by a lead guide as well as a follow guide. Your safety is ensured every step of the way and we take our time to ensure maximum enjoyment for everyone. We stop and rest on each platform while your guides give you information about the fauna

and flora. You will have a unique view on animal, bird and plant life during your three-hour journey high above the ground that will give you a new appreciation for nature and all its wonders.
