INTRO

If you want to pit your skill and knowledge as a fisherman against game fish much the same way that hunters track and pit their wits against their quarry then you have come to the right place. We offer you the opportunity to charter our vessel to the waters around St. Lucia where game fishing is good and the catches are plentiful.

We do open-date gift vouchers that you can hand to the recipients as gifts on a special day. This allows the recipient the flexibility to make the final booking on a date that suits his/her personal schedule. This also turns the gift into a “double whammy” gift as the recipient receives the voucher on the special day and then has the anticipation of going on the adventure on a suitable date.

Our open date vouchers are valid for a period of 6 months from date of issue; this is a precaution to guard against price increases only, the value of the voucher is never lost. Should the participant not use the voucher within that time period, the value is still there, and if there has been no price increases, the recipient uses the voucher as is. If after the six months grace period there has been a price increase, the recipient will be liable to pay in the price difference only.

INTINERARY

More information about the adventure:

Take fishing to the extreme with game fishing, also known as deep sea fishing or sport fishing. Deep sea fishing is an exhilarating sport that gets the adrenalin pumping, especially when you pull out a big one or a fighter like a Garrick. Yes, were talking about hauling out the big fish, no more guppies and small fry for our fishermen. The best part about chartering our vessel for your sport fishing adventure is that you get to keep what you catch and take it home. We do encourage a catch and release but you are free to do with your catch as you please.

The skipper in charge of the boat on the day of your sport fishing adventure is an experienced fishermen and seafarer. He will use his knowledge experience and expertise to make your adventure as enjoyable and memorable as possible. If there is one thing that previous clients have positively remarked on it is the ability of our skippers to create an unforgettable experience through service quality.

Please Note

You will receive a full refund in the event that we have to cancel your St. Lucia deep sea fishing adventure due to bad weather or sea conditions.
