

## DEEP SEA FISHING DURBAN

ADRENALINE LEVEL 5 🌟🌟🌟🌟🌟

Deep sea fishing is the aquatic version of game hunting, requiring skill, knowledge and expertise. Sport fishing, as it is also known, comes in game fishing, reef fishing and shark fishing, all of which are available off the Durban coast. We are offering you the chance to bag the big one and bring it home. What we are offering you is the opportunity to come out to sea with us for an all day deep sea fishing adventure. Spend the day at sea with the guys, casting your line and waiting for that bite to signal that a whopper of a catch has snagged your line. When the day is done you have an unforgettable experience under your belt and possibly an impressive catch too.

### **More information about the adventure**

The adventure is a full day experience, we surf-launch the vessel and leave for the Umhlanga fishing grounds at first light, so you will need to be up and raring to go really early. While the fishing is good all year round, there is certain seasonal fish. During the summer months of December to May a wide variety of game fish is forth coming. Some of these game fish available include Queen Mackerel Kingfish, Queen Fish, Queen Mackerel, Dorado, Sailfish, three different typed of tuna and the famous Marlin. During the winter months of June to November the main fish to target is Garrick. Garrick is a very strong game fish that tends to be a fierce fighter and a favorite among anglers. Throughout the year reef fish such as reds, rock cod and salmon are abundant catches.

When it comes to shark fishing the target is usually the smaller Grey Sharks, providing anglers with an exciting experience.

### **Please Note:**

- All shark catches are always released
- The travel time from the launch site to the fishing grounds is minimal as they are close to each other, so little time allotted for your adventure is lost to travel
