INTRO

What are these private charter yachts?

Durban private charter cruises have never looked so good or been this easy to book. We offer the discerning guest a choice of two luxury 58 foot catamarans. The first of which was launched on December 7th of 2007. The second of our two vessels was launched on October 16th of 2008, less than a year after her older sister. Since their inception, both of our luxury yachts have been providing clients with the perfect party and events venues. Each and every occasion on one of our beautiful boats is both exquisite and memorable.

Why should you choose these yachts for Durban private charters?

Chartered cruises can be expensive, especially on a luxury catamaran but not when you book with us. Our vessels are top of the range, spacious, affordable and fully equipped. We can cater to any event, big or small, relaxed or black tie, private or corporate. Book overnight stays, day trips or cruises that last only a few magical hours. When it comes to professional luxury yacht cruises, we offer you the best in the business.
