

HELICOPTER 20MIN FLIGHT OVER MOSSEL BAY

ADRENALINE LEVEL 2 

Helicopters are nifty machines that get you where you want to go fast, can deliver urgent consignments to places that are mostly inaccessible and are a great way to take a scenic look at a city or anywhere else. The reason being is that a helicopter can fly lower than a fixed wing aircraft and that means you get a closer look at things from up in the air.
