INTRO

Flying is something man has dreamed of since the dawn of time and one of the greatest breakthroughs was the invention of the airplane. However, being strapped securely into your isle seat may not be nearly satisfying enough for you. So what are you to do to get some wind in your sails and the adventure of a lifetime, up among the clouds? All you need to do is to come to us and book a paragliding adventure over the Wilderness along the Garden Route.

Paragliding is a dream come true for many who dream of soaring high above the Earth. We are offering you the opportunity to fly as a passenger in a tandem paragliding adventure or you can take up the 1-day tuition course to learn the ropes, literally, of paragliding.

Paragliding adventures over the Wilderness coastline offer you spectacular views, flying with seagulls and the exciting option of taking off at the Map of Africa view point. When flying over Dolphin Point during whale season you can fit in some great whale watching from the air and the photographic opportunities are unparalleled.

MORE

What is the deal?

Make your dreams of flight come true with a tandem paragliding adventure over the Wilderness along the Garden Route.

Where is it?

Wilderness coastline, Garden Route

When is the best time to do it?

- Throughout the year, weather permitting
- Whale watching is best from July to December
- Summery weather is nicest for a paragliding adventure

What to bring:

- High SPF sunscreen
- Sunglasses
- Warm clothing
- Wear sturdy shoes, no shoes that can fall off mid-flight
- camera

INTINERARY

Please Note

Paragliding adventures over the Wilderness are dependant on weather conditions and there is a Cloudbase Paragliding policy in place that states that we will only take off if it is safe for us to spend a minimum of 15 minutes airborne.
