## INTRO

**Dive into the I&J Predator Exhibit tank at the Cape Town Two Oceans Aquarium with Ragged-Tooth sharks! You Are Guaranteed to See Sharks!**

We have affiliated with one of the biggest landmarks and attractions in the V&A Waterfront, Cape Town, to bring you this amazing experience. Shark diving is one of the ultimate marine adrenalin rushes available. Yet many people are skeptical to get into the vast open ocean, far away from land and help, with these amazing predators. We are offering you another option; dive into the I&J Predator Exhibit tank at the Cape Town Two Oceans Aquarium with ragged-tooth sharks. You will be able to experience the adrenalin rush that comes from getting up close and person with these predators of the deep in a controlled environment not available at sea.

**Please note:** Discover Scuba or Open Water One qualification is required in order for you to qualify for a shark dive at the Two Oceans Aquarium and divers must present their dive card, logbook or certificate upon arrival at the Aquarium.

## MORE

### What is the deal?

Dive with ragged-tooth sharks in the predator exhibit tank

### Where is it?

Two Oceans Aquarium, V&A Waterfront, Cape Town

### When is the best time to do it?

All year round

We do open-date gift vouchers that you can hand to the recipients as gifts on a special day. This allows the recipient the flexibility to make the final booking on a date that suits his/her personal schedule. This also turns the gift into a “double whammy” gift as the recipient receives the voucher on the special day and then has the anticipation of going on the adventure on a suitable date.

Our open date vouchers are valid for a period of 6 months from date of issue; this is a precaution to guard against price increases only, the value of the voucher is never lost. Should the participant not use the voucher within that time period, the value is still there, and if there has been no price increases, the recipient uses the voucher as is. If after the six months grace period there has been a price increase, the recipient will be liable to pay in the price difference only.

## INTINERARY

---

The I&J Predator Exhibit tank at the Two Oceans Aquarium is by no means a pokey little tank that will detract from your overall experience, don't get us wrong, this is not a substandard experience to wild shark diving at all. This is simply shark diving in a safer and more controlled environment within the two-million liter tank setup. In fact, you will be treated to an experience you will not be able to achieve at sea. You will be surrounded not only by the exhibit's prized bronze ragged-tooth sharks, but by a wealth of other predatory fish as well and all of this without a bulky cage restricting you. What more could you ask for?

**Please note:** Discover Scuba or Open Water One qualification is required in order for you to qualify for a shark dive at the Two Oceans Aquarium.

### Other Dives Available

The kelp forest the Two Oceans Aquarium has cultivated is an amazing and often extremely relaxing sight to behold from behind the glass but now is your chance to get in on the action happening on the forest side of the glass. That's right, we are offering you a chance to dive into the Kelp Forest Exhibit at the aquarium and be overwhelmed by the kelp and the fish that live in the 800,000 liter tank.

**Please note:**An advanced scuba qualification is needed in order to participate in the kelp forest dive at the Two Oceans Aquarium.

### Dive times
