## INTRO

---

Skydive Mossel Bay is the most exhilarating skydiving venue in South Africa! We offer unmatched scenery over the beaches of beautiful Mossel Bay and the Outeniqua mountains. Nowhere in South Africa do you get to do whale watching and skydiving on the same trip! This is an experience you will never forget.

We are also unique in offering beach landings on the beautiful beaches of Mossel Bay. Add on extra height to your jumps for a small fee and you can get a tandem skydive from 12 000ft (4km!! and the highest in South Africa) , freefall at 220 km/h +, land on the beach and get the whole experience filmed and produced on DVD.. !

You need no experience at all. A highly experience tandem master with 4000 plus jumps will take care of you during the jump and ensure your safety and comfort. We also allow you to deploy your own parachute and do some of the steering down to the ground if you should be brave enough to try this. All of course under the watchful eye of your tandem master.

## MORE

---

Skydive Mossel Bay is an accredited skydiving training school, affiliated to the Parachuting Association of South Africa, Aero Club of South Africa and Civil Aviation Authority (Government Dept Of Transport)

Our drop-zone staff is friendly and caring and you will get personal and individual attention. Your briefing, flight in the plane, skydive, landing and de-brief will take around 1h. You are off course welcome to spend more time with us and watch the action from the ground. We have excellent facilities, a full restaurant and bar service, entertainment area and lawn for you to relax while you spend time with us. Make your tandem skydive experience one you will remember for the rest of your life!

Warning!: Jumping out of airplanes can be extremely addictive!! :)

Booking are essential.

Restrictions:

Weight limit - 105kg (persons up to 120kg can be accommodated at the tandem master's discretion)

Age limit – persons younger than 18 years need written parental consent.

Skydiving is weather dependant, but leave it to us to make a call on the weather

Apart from tandem skydiving, we also offer skydiving courses. You can earn an internationally recognized skydiving license from Skydive Mossel Bay. You should have around one month available to complete the license.

We do open-date gift vouchers that you can hand to the recipients as gifts on a special day. This allows the recipient the flexibility to make the final booking on a date that suits his/her personal schedule. This also turns the gift into a “double whammy” gift as the recipient receives the voucher on the special day and then has the anticipation of going on the adventure on a suitable date.

Our open date vouchers are valid for a period of 6 months from date of issue; this is a precaution to guard against price increases only, the value of the voucher is never lost. Should the participant not use the voucher within that time period, the value is still there, and if there has been no price increases, the recipient uses the voucher as is. If after the six months grace period there has been a price increase, the recipient will be liable to pay in the price difference only.

## INTINERARY

---

Our drop zone is located at the Mossel Bay Airfield. We are equipped with the most modern skydiving equipment.

We have free access to the canteen and bar facilities a the Mossel Bay Aero Club.

We can also assist you with contact details of the best hotels and guest houses in Mossel Bay.

## DIRECTIONS

---

Skydive Mossel Bay is located at the Mossel Bay Airfield. Take exit 393 from the N2 highway, turn right at the T-junction and continue towards the Aalwyndal smallholdings. Follow the signs to the Mossel Bay Airfield.
