INTRO

The Southern Cross Adventure - 16 Days

Going on vacation is always exciting, but this train tour is an adventure with a difference. You do not drive anywhere, you do not transfer to different hotels; everything is taken care of in that the train takes you to each new destination.

All your requirements for transport, transfers, entry fees and guides are taken care of as well as your three meals per day. You wake up in a new destination each morning and choose from the inclusive daily activities options on offer to suit your personal travel tastes.

The train travels during the night, so you do not waste time travelling to each new destination. The multi-lingual professional guides work to make each new adventure a memorable experience in each new place you visit.

All excursions are structured according to three categories:

- Eco tourism
- Cultural
- Highlights

We do open-date gift vouchers that you can hand to the recipients as gifts on a special day. This allows the recipient the flexibility to make the final booking on a date that suits his/her personal schedule. This also turns the gift into a “double whammy” gift as the recipient receives the voucher on the special day and then has the anticipation of going on the adventure on a suitable date.

Our open date vouchers are valid for a period of 6 months from date of issue; this is a precaution to guard against price increases only, the value of the voucher is never lost. Should the participant not use the voucher within that time period, the value is still there, and if there has been no price increases, the recipient uses the voucher as is. If after the six months grace period there has been a price increase, the recipient will be liable to pay in the price difference only.
